I have an appointment with Mr.Tsusumi in the morning 9.00 AM at Hakata Station. He told me basic information about Memolead Group that I must know. We went to Nagasaki by train and arrived around 14.00 AM

Nagasaki is a beautiful city around with mountain and has a big river. Ms.Okinaka picked up us to Memolead Group. Today she guided us how to live in accommodation and take we around Memolead Group after this we made a plan for work in this month and holidays. I lived on 4th floor and luckily that company has breakfast at 7.30 AM so, I have to go to the building that not far from here every day just 3 minutes walked. Now my life in Nagasaki began here.

In the evening we have a dinner with Mr.Tanaka , Mr.Yuichirou and Ms.Okinaka .They are very kind and polite. First time i worried about the tradition in japanese when we first meet and manner when you eat food with elder people but they made me relax and asked me some question about Thailand so , I'm very happy and food is delicious.
