At the lunch, I went to Tanakada-Gumi Restaurant with Thai friends and Japanese friends. I ordered Buta set. All of my lunch set have dish of grilled pork, a bowl of rice, kimchi and some side dishes.

After we finished lunch, we took a subway to Fukuoka University. When we arrived, i met Prof. Abiru and some Japanese friends at a classroom. Prof. Abiru told everyone to introduce yourself and then we talk about our project.

After that, Japanese friends took me for walking around Fukuoka University and we talked about what different between Fukuoka University and Kasetsart University where is I was studying. I told everyone that Thai university student should wear uniforms but Japanese university students can wear

everything that they want. After I told that, Japanese students are surprised about that.

And then, we went to Karaoke at Tenjin area. We sang a song together with. Mostly of songs are English songs. I enjoyed with everyone so much. I think karaoke in Thailand and Japan are the same.
